BRAND OVERVIEW

Setting the Standard. Expanding the Reach.

Meridian Neuro Foundation advances evidence-based neurotherapy through rigorous research, expanded access to care, and grant funding for practitioners and communities in need.

Mission

To advance the scientific foundation of neurotherapy while ensuring evidence-based care reaches every community that needs it. We pursue two simultaneous goals: establishing the rigorous research infrastructure the field requires, and removing barriers to access for underserved populations worldwide.

Vision

A world where neurotherapy is grounded in rigorous science, governed by clear standards, and accessible to every person who could benefit from it.

Research & Standards

Rigorous scientific protocols, normative databases, and technical specifications that elevate neurotherapy practice worldwide.

Global Access

Scalable, sustainable neurotherapy programs that reach underserved populations through community partnerships.

Direct Grants

Financial assistance to individuals and organizations, removing financial barriers to neurotherapy treatment.

Brand Promise

Precision and compassion working together. Every initiative pairs scientific rigor with direct human impact.

Key Phrases

- **Primary tagline:** "Setting the standard. Expanding the reach."
- **Brand statement:** "Precision and compassion working together."
- **Mission shorthand:** "Evidence-based neurotherapy for every community."

LOGO

Logo Usage

Our logo is the primary visual identifier. It should always be reproduced clearly and given adequate space.

Primary Logo & Icon

ON LIGHT BACKGROUNDS

ON DARK (WHITE CONTAINER)

ON BRAND TEAL

ICON / FAVICON

Clear Space & Minimum Size

Maintain clear space equal to the height of the "M" in "Meridian" on all sides. Minimum size: **120px wide** (digital) or **1.5 inches** (print). Use the icon/favicon for sizes below this threshold.

DO

Use on white, cloud, navy, or teal backgrounds. On dark backgrounds, place the logo in a white rounded container. Maintain proportions at all times.

DON'T

Stretch, rotate, or distort the logo. Place on busy backgrounds without a container. Add drop shadows, outlines, or gradients. Rearrange elements.

DO

Use the icon mark for social profiles, app icons, and small-format uses where the full wordmark would be illegible.

DON'T

Change logo colors. Use low-resolution versions. Place in unapproved colored boxes. Recreate or redraw any part of the logo.

COLOR PALETTE

Our Colors

Our palette balances authority and trust (navy, teal) with warmth and action (gold). Colors are intentional, not decorative.

Primary Colors

	
Navy #1A365D Headlines, primary text, authority	Teal #2C7A7B Primary brand, CTAs, accents

Secondary & Accent Colors

			
Gold #D69E2E Donate CTAs, highlights	Teal Light #38B2AC Hover states, links	Terracotta #C57B57 Warmth, community	Purple #553C9A Innovation, research

Neutrals

			
Slate #64748B Body text	Cloud #F8FAFC Section backgrounds	White #FFFFFF Primary background	Border #E2E8F0 Dividers, borders

Usage Ratios

60% Navy + White (foundation) • 25% Teal (primary accent) • 10% Gold (high-impact CTAs) • 5% Terracotta/Purple (thematic emphasis)

TYPOGRAPHY

Inter Typeface

Inter is our sole typeface, designed for screens. It balances warmth with precision.

DISPLAY / H1

Setting the Standard. Expanding the Reach.

Inter 800 • 48-72px • Navy #1A365D • Leading: 1.1

SECTION HEADING / H2

Two missions. One purpose.

Inter 700 • 32-40px • Navy #1A365D • Leading: 1.2

SUBSECTION / H3

Precision and compassion working together.

Inter 700 • 20-24px • Navy #1A365D • Leading: 1.3

BODY COPY

Meridian Neuro Foundation advances evidence-based neurotherapy through rigorous research, expanded access to care, and grant funding for practitioners and communities in need.

Inter 400 • 14-16px • Slate #64748B • Leading: 1.7-1.8

EYEBROW / LABEL

RESEARCH & STANDARDS

Inter 600 • 10-12px • Uppercase • Tracking: 0.2em • Teal #2C7A7B

VOICE & TONE

How We Communicate

Our voice balances scientific authority with genuine human warmth. We are credible, compassionate, and clear.

Authoritative, Not Academic

We speak with confidence grounded in evidence. We avoid jargon and make complex neuroscience accessible.

Compassionate, Not Sentimental

We care deeply about the people we serve. We express that care through action, not emotional appeals.

Direct, Not Blunt

We value the reader's time. We lead with what matters, explain what's needed, and move forward.

Hopeful, Not Hyperbolic

We express belief through measurable goals and evidence-based optimism, not grandiose promises.

Writing Examples**DO**

"We fund research that creates normative databases, evidence-based clinical protocols, and technical specifications."

DON'T

"We're revolutionizing the entire field of neurotherapy and changing millions of lives with our groundbreaking research."

DO

"Neurotherapy has transformative potential, but the field lacks the scientific infrastructure it needs."

DON'T

"Millions of people are suffering because they can't access the neurotherapy care they desperately need."

APPLICATIONS

Imagery & Digital Standards

Guidelines for photography, UI components, and consistent brand application across all touchpoints.

Photography Direction

Authentic, unstaged imagery with natural light and diverse representation. Prioritize genuine moments over posed shots. Apply brand-colored overlays (navy at 60-70% opacity) for hero images. Use rounded corners (16px) for inline photos.

Research & Clinical

Modern clinical environments, professional settings, technology and equipment. Cool tones preferred.

Community & Access

Diverse communities, genuine interactions, connection and care. Warm, natural tones.

Button Styles

 Donate Learn More Secondary

Gold = donate only. **Teal** = primary actions. **Outline** = secondary. All buttons: rounded-full, min 44px height on mobile.

Layout Standards

- **Container:** Max-width 1280px, 24px padding (mobile), 48px (desktop)
- **Section spacing:** 96px vertical padding standard
- **Alternating backgrounds:** White and Cloud (#F8FAFC) for rhythm
- **Dark sections:** Navy for stats, Teal for CTAs
- **Cards:** 16px rounded corners, cloud background, teal top-border accent

Graphic Elements

Meridian line motifs (thin curved SVG paths, 6% opacity in teal) as subtle background decorations. Always behind content, never competing for attention.

Social Media

Use the icon mark as the profile picture. Cover images use the navy-to-teal gradient with the white-container logo. Maintain brand palette in all social graphics.
